Schedule of eLearning Africa Activities 2021/2022

February 23 – 25, 2021

eLearning Africa Tertiary Education Virtual Exchange Anglophone Edition

This Tertiary Education Virtual Exchange Platform allowed providers of digital learning and EdTech solutions to meet with decision makers and leaders in the African tertiary education community. For more information: https://www.elearning-africa.com/virtual_events_past_anglophone_edition_2021_01.php

March 4, 2021

Webinar: Embedding Employability Skills within Higher Education Institutions – The Future of Study in Africa

This free webinar organised in partnership with Coursera for Campus discussed the benefits and the main challenges facing universities to ensure that their graduates have the knowledge and applicable skills needed for the 21st century labour market. For more information: https://www.elearning-africa.com/virtual_events_webinars_coursera_2021_03.php

April 28, 2021

The eLearning Africa Academy: Learning Design Module Course 101

A five course module on Learning Design started on April 28th to teach how to create engaging online educational & training content and help to understand the principles of learning design. This 60 minute free introductory course provides you with an understanding of what Learning Design is and starts building the framework of the key components of learning design. We will also discuss digital and blended learning design, focusing on how to move existing training material into a digital format using critical design skills. For more information: https://www.elearning-africa.com/academy_2021_learning_design.php

May 6, 2021

Webinar: The Future of Work in Africa: From Adopting Emerging Digital Technologies to Providing Graduates with the Skills They Need to Survive in the Digital Workplace

This webinar organised in partnership with Coursera for Campus will discuss the emerging digital trends, the future of work in Africa and the skills students will need to be successful in the era of digitalization. For more information: https://www.elearning-africa.com/virtual_events_webinars_coursera_2021_05.php

May 12, 2021

The eLearning Africa Academy: Learning Design Course 2 - Identify Needs and Analyse Requirements

If you don't know what need you are fulfilling, what the requirements are, you will invariably be going in the wrong direction. This course helps you build a strong foundation for your learning by starting with clearly identifying and aligning with the business needs. For more information: https://www.elearning-africa.com/academy_2021_learning_design.php

June 2nd, 2021

The eLearning Africa Academy: Learning Design Course 3 - Design your Course

Before you build a house, you need to build the blueprint. Similarly, before you develop your learning, you need to design it. This course walks you through the step-by-step process of outlining and storyboarding your learning material before you can start developing it. For more information: https://www.elearning-africa.com/academy_2021_learning_design.php

June 7 – 13, 2021

The eLearning Africa Primary and Secondary Virtual Exchange

The eLearning Africa Primary & Secondary Education Virtual Exchange is an exciting new initiative, linking global EdTech and digital learning solution providers with decision makers in African primary and secondary education. The **eLearning Africa Primary & Secondary Education Virtual Exchange** puts people, ideas, practices and technologies together in a multi-faceted online forum. With peer-to-peer engagement, including opportunities to hear from solution providers about how their innovative use of technology and systems design enables educators and learners to thrive. It is a platform both for sharing best practice and showing how EdTech is responding to the needs of African students and teachers. For more information: https://www.elearning-africa.com/virtual_events_primary_secondary_2021_06.php

June 16, 2021

The eLearning Africa Academy: Learning Design Course 4 - Develop your Training Content – Create Engagement and Impact

Once you have a blueprint of your course, you are ready to build in all the details and interactions. This course discusses how you build content that is engaging and impactful for in person, virtual learning and eLearning delivery modes. For more information: https://www.elearning-africa.com/academy_2021_learning_design.php

June 21 – 27, 2021

The Francophone Tertiary Education Virtual Exchange

eLearning Africa's Virtual Exchange Event Series links global EdTech and digital learning solution providers with decision makers in Africa's Francophone tertiary education. The series provides an exclusive online platform where people, ideas, practices and technologies meet, discuss, share, learn and engage. For more information: https://www.elearning-africa.com/virtual_events_francophone_edition_2021_06.php

June 30 and July 7, 2021

The eLearning Africa Academy: Learning Design Course 5 - Create Video Training Content

Video has become a key method used to share messaging and learning. This course is broken into two parts, and explores the best practices of recording video and editing your content for maximum benefit. For more information: https://www.elearning-africa.com/academy_2021_learning_design.php
